## Outstanding Emergency Medicine Resident of the Year Award presented at Emergency Medicine Forum to Christopher M. Bazzoli, MD

Columbus, OH—On May 3, at the Emergency Medicine Forum, the Ohio Chapter of the American College of Emergency Physicians (Ohio ACEP) was pleased to present the 2017 *Outstanding Emergency Medicine Resident of the Year Award* to an exemplary resident physician, **Christopher M. Bazzoli, MD**.

The Outstanding Emergency Medicine Resident of the Year Award was established to recognize a resident of exceptional merit who exhibits outstanding clinical promise, leadership, and commitment to patients and emergency medicine.

Dr. Christopher Bazzoli, a Chief Resident at the MetroHealth - Cleveland Clinic Emergency Medicine Residency, is a perfect example of the qualities this award was created to celebrate. He regularly demonstrates an unyielding dedication to education, excellence in clinical work, and quality patient care. Dr. Bazzoli is well-liked and respected by his patients and colleagues alike. He is known for his enthusiasm and constant willingness to assist his fellow residents, which is well-illustrated by his development of a “resident family” model for mentoring, support, and guidance for physicians-in-training.

**Christopher M. Bazzoli, MD**  
Recipient of the 2017  
Outstanding  
Emergency Medicine  
Resident of the Year  
Award

A gifted young educator, Dr. Bazzoli has made a number of innovative and long-lasting changes to the MetroHealth - Cleveland Clinic Residency, including incorporating an asynchronous learning model to didactics. He also helped to develop an advanced wilderness life support curriculum as part of a wilderness medicine fellowship with the University of Utah and Adventure Med.

In his letter nominating Dr. Bazzoli, Assistant Residency Program Director Dr. John Queen described him as a bright and caring role model for residents, a fantastic emergency physician, and a consummate professional. Saying that Dr. Bazzoli has done more to improve the program’s lecture experience than any former chief resident he has worked with, Dr. Queen wrote that in many ways, Dr. Bazzoli is more like an assistant program director than a resident.

Ohio ACEP congratulates Dr. Christopher Bazzoli for his well-deserved accolade!

###

Ohio ACEP is a state medical specialty society representing emergency medicine physicians with more than 1,500 members. For 45 years, Ohio ACEP has served the state’s emergency physicians through tireless advocacy, nationally-recognized continuing medical education, and physician leadership development.
