

WONDERING WHO HAS YOUR BACK?

The Ohio Chapter of the American College of Emergency Physicians (Ohio ACEP) is the medical specialty society that represents you. We serve Ohio's emergency physicians through tireless advocacy, nationally-recognized medical education and physician leadership development. Membership is a two-way benefit:

Let us help you get the most out of your Chapter membership.

ADVOCACY

We understand you entered the field of emergency medicine to treat patients, save lives and help ensure everyone gets the medical care they need—not to worry about being fairly reimbursed for the work you do. That's why we fight for reforms to help you provide the best possible care to your patients:

- Limited liability reform for EMTALA-mandated care
- Fair coverage for patients and fair payment for physicians
- Protecting patient access to quality emergency care
- Working to end the prescription opioid and heroin epidemic
- Fighting administrative burdens that make it harder to your job

EDUCATION

Ohio ACEP offers some of the best board review resources, materials and courses available anywhere. Enjoy member discounts! Our educational offerings include:

- Dr. Carol Rivers' Board Review Materials
- Ohio ACEP Emergency Medicine Board Review Courses
- Emergency Medicine Oral Board Review Course
- Emergency Medicine Ultrasound Courses
- LLSA Review Course
- Ohio ACEP Board Review Sessions On Demand

LEADERSHIP

Part of Ohio ACEP's commitment to its members is our focus on physician leadership development:

- Emergency Medicine Leadership Forum
- Peer and mentorship networks
- Leadership Development Academy
- Promoting members in local, state and national leadership positions
- Ohio ACEP Annual Awards Program
- Recognition for academic achievement
